Jeanne Duffy
Executive Director
Wisconsin Women's Council

Jeanne Duffy joined the Wisconsin Women's Council in June 2025, bringing over 30 years of experience in community development, nonprofit management, fundraising, and service engagement both in the U.S. and abroad. Throughout her career, Jeanne has demonstrated a deep commitment to empowering individuals and communities—particularly women and girls—through leadership, collaboration, and inclusive service.

As the former Executive Director of Serve Wisconsin, Jeanne led the expansion of AmeriCorps programming across the state, helping organizations develop new initiatives through planning grants and providing training and resources to sustain their efforts. Under her leadership, Serve Wisconsin secured Volunteer Generation Fund grants that strengthened volunteerism and supported disaster preparedness, nonprofit board training, and community engagement statewide. She also played a role on the State of Wisconsin COVID-19 Vaccination Task Force, serving as Data Management Unit Director and overseeing vaccination data analysis during the pandemic.

Previously, Jeanne served as Director of Operations at Working Capital for Community Needs (WCCN), an organization dedicated to economic and social justice in Latin America. There, she supported initiatives aligned with the belief that women have the right to control their financial futures, access education and healthcare, and live free from violence.

Jeanne is a passionate and accomplished leader who continues to advocate for equitable opportunities and the full participation of women and girls in all aspects of society.
